An exclusive, practical Masterclass on the secrets of successful facelifting

Your personal invitation to apply*

*Numbers are strictly limited to 100 places.
The CCR Facelift Masterclass is a practical, exclusive and intimate two-day training course providing both theoretical and practical teaching at the highest level to facilitate the safe and successful practice of surgical facial rejuvenation.

Watch and interact with the core teaching faculty as they perform the optimal facelifts live from the operating theatres of King Edward VII Hospital, beamed via satellite broadcast to you at The Dorchester, London.

**FRIDAY 20 MARCH 2015**

This will be preceded by a short video showing patient assessment of the patients to be featured.
Four leading international surgeons, all based in Harley Street, London – a global centre of surgical excellence – have come together for the very first time in the UK to present the CCR Facelift Masterclass.

Programmed by Norman Waterhouse, this multi-disciplinary Masterclass offers insight, engagement and interaction, combining world-class teaching in the prestigious setting of The Dorchester, London, and live surgery from King Edward VII, one of London’s foremost private hospitals.

The core teaching faculty will be joined by other invited speakers, including Dr Nick Lowe, Dr Neil Randhawa, Dr Raina Zarb Adami and David Gault to discuss skin care, anaesthesia for facial rejuvenation, medico-legal issues and non-surgical facelifting techniques.
THEORETICAL TEACHING PROGRAMME

The Dorchester, London

Presented by a world-class faculty the CCR FACELIFT MASTERCLASS will give delegates the tools to carry out successful, safe facelifting surgery from an evidence-based approach.
